Good Afternoon Ladies,

Our Council approved audits for FY 2022 and 2023 last evening. We need to submit 2022 to the clearing house as it met the single audit criteria via the GLO grants. By chance, do you know if we have a unique entity ID assigned? Is that a number that could be in our grant various applications or documents?

Thank you,

I hope that the rest of the meeting went well. I was going to try to do the FAC Submission today and I need the Unique Entity ID number, in prior years this submission would use your DUNS number but changed to the Unique Entity ID. Do you know what this is? I'm guessing that you may need to apply for it and can do so at the link below, if you can apply for this number and then forward it to me, so I can continue with the submission process.

No that are not saying that you owe \$56,137.62. This particular notice is saying that beginning 1/1/2025 that they want you to make your payroll tax deposits on a semi weekly basis. This one is nothing to worry about just make the payroll tax deposits every time you run payroll and you will be good.

I hope this calms your nerves, on this notice at least. I will take a look at the others but did suspect that this would happen.

Thanks

Hi Julie,

Will the decision be made in the next couple of days about her access? If so we'll leave this ticket open. If not, we need to close the ticket and you can start a new request when that decision is made. Please let us know!

Hi Wanda,

Let's hold off on providing access to both Natalie and Nichola for payroll security reasons. I will work with Nichola on providing reports through FV AP invoices.

Thank you again for your time.

We do not have a "reports only" access available for any module (except the Budget). To access Payroll reporting, they would need to access Payroll and establish a 2FA account.

To follow up on conversations and to make sure that we are all on the same page, this is my understanding please advise if your understanding is different.

It has been agreed between the Mayor, Nichola and myself that a line has to be drawn in the sand and fundview and the audits for the fiscal years ending September 30, 2023 and 2022 need to be completed, asap. Therefore, Nichola and her team will be posting journal entries by year to fundview to match the audited balances. We have enough detail in excel reports to answer any questions for prior years, if needed.

For 2023 and 2022, I will provide Nichola "draft" TB's so that she can post the entries to fundview and begin reconciling the books in fundview beginning 10/1/2023.

Nichola and I will have a call tomorrow am to go through payroll function of Fundview to reconcile it for the 2023 FYE, something appears off but I could be cross eyed.

Below you say that the merchant bank card items are permit fees collected. However the list below is expenses - so my question is do you mean that they are permit fees paid or did you misunderstand? I need to know what expense they should be classified to.

Also, the petting zoo roundup GL code 500-4712 you gave is a revenue GL account – The \$475 is an expense it can't be posted to revenue. I looked in fundview for an appropriate GL Code but didn't see one –

“December 2022 \$475 (Paypal Sweetiepies) – **Petting zoo for the roundup 500-4712 Events for KSB**”

Thanks

Good Afternoon Mr. Sturdivant,

The City of Simonton has experienced some staff changes the last year or so and I could use your help if you have a moment.

We need the CARES report submitted to your office by Jennifer Ward for the City of Simonton please. I believe it is for fiscal 2021, but could be in 2022. We are completing some audit work and need it to true up the expenditures and that they were conclusively spent.

Thank you in advance for your time.

Good Afternoon Natalie,

Briana Swingle is our grant manager at Langford. I think Julie and Nanci shared on the phone last week. She was able to share the below and attached information about our ARPA grant funds.

There were three payments received.:

- 1st Tranche (Sept 2021) : \$109,521.39
- 1st Tranche additional allocation (March 2022): \$216.45
- 2nd Tranche (September 2022): \$109,737.84

The city is an annual reporter and not a quarterly reporter. The quarterly reporters are those who have large populations or received over \$10 million. The two reports that have been submitted are attached. The CFDA number is 21.027.

Please let me know what else you might need regarding this part of our audit preparation.

The highlighted items don't have a GL number next to them – I can't make management decisions and will need you to tell me what account you would post these items to if you were entering them in to Fundview.

Natalie and I had a great, game planning, phone call today. LB, can you email Ed Sturdivant, the county auditor and ask him for the CARES report that we submitted to him. I know that there is copy at the office, but this might be faster and easier to get Natalie what she needs in terms of how the money for CARES was spent. Since the county was the main recipient, they hired an administrator, who verified the expenditures and then closed out the city for the county. This is what she needs to true up the expenditures and that they were conclusively spent.

THANKS,
jjw

Jennifer reminded me that Fort Bend County claimed all of the grant funds for both events, COVID and ARPA. We then got partial distributions. I believe they kept 21%. Anyway, as I understand it they became the reporting agent. We are working to confirm they have the reports you requested, and get copies. Jenn can clarify and go into more detail as she was on the front line. I added her here.

Julie is off today but she is going to check her outbox in about 30 minutes. She did compile and thought she shared it yesterday. Sorry for the delay!

As a reminder I would like a copy of the payment history report from EFTPS (payroll tax payment portal) for as far back as the system will allow - I believe that it is 16 months but could be wrong, you also mentioned that you would send me copies of the IRS notices received and a copy of the tax refund check you received for 2023.

Hi there

Jennifer - this spreadsheet is not complete through September 30, 2023. It doesn't look like the spreadsheet was ever completed from the point that you left. The PDF file provided by Julie covers includes August through December 2023 statements so I believe I will be missing the July statement. Would you please either update the spreadsheet or ask Julie to do this and return it to me. I will need the July statement also.

Good Evening Natalie,

I know you are up against the end of extension deadline period and do not mean to interrupt.

I would like to please request a time that works for us to catch up via phone and determine whether our two audits in process (2021 and 2022) can be presented at our October 22 City Council meeting. My calendar is open next Wednesday, October 2 and Thursday any time noon and later.

I am happy to send a Teams invitation when we settle on a date.

Thank you,

Good Morning!

This is the ARPA funds- it was send in numerous tranches. It was deposited into he grant funds account since the funds are restricted so it could accrue interest.

The ARPA funds were federal designation from Covid. I can look online for those restrictions. However, they are just now beginning to use them for the restricted infrastructure project. TDEM was the issuing agency once they were dispersed from the Federal government.

Attached is the CC breakdown that I did before I left that has everything categorized like you and I had for the other years. You will see the September at the end of the spreadsheet. Julie should be able to pull the actual statement from the book in the office.

Still here to serve Simonton 😊,

Good Morning!

This is the ARPA funds- it was send in numerous tranches. It was deposited into he grant funds account since the funds are restricted so it could accrue interest.

The ARPA funds were federal designation from Covid. I can look online for those restrictions. However, they are just now beginning to use them for the restricted infrastructure project. TDEM was the issuing agency once they were dispersed from the Federal government.

Attached is the CC breakdown that I did before. I left that has everything categorized like you and I had for the other years. You will see the September at the end of the spreadsheet. Julie should be able to pull the actual statement from the book in the office.

Still here to serve Simonton 😊,
Jjw

Morning

So there were 3 deposits in the 2021/22 fiscal year as follows:

1 – October 2021 \$109,521.39

2 – March 2022 \$216.45
3 – September 2022 \$109,737.84

I need to know what the funds were for

If there were any restrictions on use and if so what did you have to submit to them to ensure that the requirements were fulfilled.

There may be more information requested once you have provided any documentation on these funds.

Julie I still need a complete copy of the credit card statement that covers September 30 2022.

Please note I will be out of the office beginning Monday returning August 13.

Thanks

Julie

Apologies for getting back to you,

I still need a complete copy of the September 2022 statement. (I need the statement that covers the end of the month)

I need more information on the TX Div Emergency management deposits.

There may be more requests relating to the Grant income received during 2022, but will ask for those if needed.

Laurie,

I can handle the TWC tax notice, that is not a problem. It is tied to the payroll quarterly reports and am happy to complete it with the information in the system. I will keep you updated on that.

Natalie - it is nice to meet you and when you have some time I do have some questions regarding some issues that arose during my review with FundView. I know this is certainly a busy time but I just have a quick question about the bank reconciliations and periods you have closed. If you have time for a quick call I would appreciate it or if you would prefer me to send over an email I am happy to do that also.

Best Regards,

Tara Racer

Hi Natalie,

I am so disappointed to hear you haven't received anything from us. I will take on the list then. And I understand our audits will have to wait until the tax season crush is over, after April 15th. Thank you for your patience during our transformation.

The good news is that we have hired a part time Finance Liaison and an accounting firm to get our daily bookkeeping caught up. Please feel free to communicate with Ida Wall (employee) and Tara Racer of Growth Accounting on our behalf. I copied both in here.

This document came in the mail this week and frankly, we could use some guidance about what we need to do.

Thank you once again,

Good morning

I received the email below. Other than Julie on the list of recipients below I don't know any other names or who I should be contacting regarding the audit. Please advise me of who is who and if I am authorized to communicate with them regarding the audit.

This is the first email I have received from anyone at Simonton since we last spoke. Therefore the audit has not been touched since then because I'm still waiting on the information requested. Breedlove & Co, and I intend to finalize the 2022 and 2023 fiscal year end audits as soon as we are able, but without the information it is not possible.

At this point it will be after April 15.

Thanks
